WHY e-MBA @ GSB

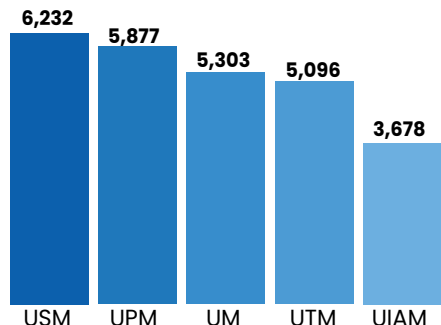

The Graduate School of Business, USM, was established in March 6, 2009. Its conception however, can be traced way back to 1989, when the School of Management USM, first offering post-graduate programmes.

The cornerstone of GSB@USM strength is the strong relationship that is already has with MNCs around Penang. Through these partnership and collaborations, the school's involvement in industry helps students to blend theory and practice at every level, complemented by various action learning projects.

With an international student population comprising managers and professionals from various field, GSB today is a fertile ground for peer learning and knowledge exchange for business leaders of the future. Its multi-disciplinary approach to knowledge coupled with its thrust in sustainability, ensures that students are provide a holistic learning experience that prepare them for the challenges ahead. As a testament to the quality of its programme over the years, GSB graduated are highly valued and sought after by both public as well as private sectors.

IRRESISTIBLY EXCITING HOME

Top 5 Malaysian public universities with the most number of international students (as of Dec 2022)

PROGRAMME STRUCTURE

It is a fact that the Industry Revolution 4.0 economy requires new ways of learning business. For many busy executives, it simply is not feasible to travel to classes to meet lecturers and fellow course mates. Having close relationship with the industry, GSB@USM understands and for years, it is offering e-MBA for busy people, trading lecture halls for remote and mobile workplaces, and also virtual rooms. Our web conferencing offers unlimited opportunities for busy executives to join APEX University's e-MBA programme.

Our MBA programme offers business education that is unique and holistic in nature. It equips learners with leadership skills that develop their capabilities in leading and managing organisations in an Industry 4.0 era. In addition, our 10 fundamental business courses also provide opportunities for learners to expand their analytical skills and knowledge through a host of exciting and practical courses.

Apart from the fundamental business courses, learners may deepen their knowledge in the specific fields according to their interest and career requirements. Specific specialisations are available to students at GSB:

- International Business
- Service Science Management & Engineering
- Sustainable Development
- Governance & Control
- Innovation Management
- Digital Leadership
- Business Analytics

UPON GRADUATION, YOU WILL BE ABLE:

- To apply cross disciplinary knowledge to diagnose and address complex business problems holistically.
- To use scientific methods and critical thinking in developing robust business strategies.
- To incorporate an innovative and entrepreneurial mind set in seeking business and management solutions.
- To demonstrate effective interpersonal and communication skills in engaging with multiple stakeholders.
